Where Technology & Mission Connect

CAPABILITY STATEMENT

WHERE TECHNOLOGY & MISSION CONNECT.

COMPANY OVERVIEW

Data Solution Global (DSG) is a 100% service-disabled veteran-owned IT services firm delivering secure cloud, data engineering, AI/ML, DevSecOps, application modernization, and IT staffing services to federal, SLED, and commercial clients. DSG is SBA-certified SDVOSB and VOSB, VetHUB Texas and NMSDC certified, and ISO 9001:2015 and ISO/IEC 27001:2022 certified.

DSG is led by veteran operators with 13+ years of enterprise technology experience. Our certified quality and information-security management systems support secure, disciplined delivery for government and commercial programs.

DIFFERENTIATORS

- **Operator Led:** Veteran founder with 13+ years in Azure, Databricks, Spark, healthcare data, and enterprise technology delivery.
- **Certified Delivery:** ISO 9001:2015 and ISO/IEC 27001:2022 certified, with SDVOSB, VOSB, VetHUB Texas, and NMSDC credentials.
- **Built for Teaming:** Clean infrastructure, strong recruiting, scalable technical teams, and responsive proposal support.
- **Federal-Ready Security:** Clean infrastructure, strong recruiting, scalable technical teams, and responsive proposal support.

CORE CAPABILITIES

INFORMATION TECHNOLOGY

- Custom Software Development & Application Engineering
- Data Engineering, ETL & Pipeline Architecture
- Data Analytics, AI/ML & Business Intelligence
- Multi-Cloud Engineering: AWS, Azure, GCP
- DevSecOps, CI/CD & API-First Microservices
- Legacy System Modernization & Cloud Migration
- Security Engineering: NIST SP 800-53, NIST SP 800-171 & CMMC 2.0 Level 2 aligned controls

IT STAFFING & ADVISORY

- Contract, Contract-to-Hire & Direct Placement
- Recruiting pipeline for Public Trust and Secret-eligible candidates
- Project-Based Consulting Teams
- Subject Matter Experts: Cloud, Data, Software Engineering
- Program & Project Management
- IT Strategy, Assessments & Roadmaps
- Data & Cloud Architecture Reviews
